2 player games are a popular category of unblocked games at Friv. As compared to single-player games, where you compete against a PC opponent, these games can be played by two or more players and they steadily soar in popularity. These games are available on a wide range of devices, including desktop computers, smartphones, and tablets. Some of the most popular 2 player games include: Chess, Checkers, Solitaire, and various card games. Other than that, you can also play some logic games and puzzle games, if you like the cooperative mode. Some of the more complex 2 player games can also be played by a higher number of players. Also, many of these games are available for free, while others may require a small fee. Our collection of 2 player games is still growing, as we add some new games every week. If you are a fan of free 2 Player games or 3-4 player games, you will find a lot of options here. Some of the most popular 2 player games include: Chess, Checkers, Solitaire, and various card games.
