pire Survivors ;
Supported Devices Desktop; Fighting enemies can be a daunting task, even with Mario's experien
ce. Destroy the characters by stepping onto them ; or throwing a firebl
ast in advance before they reach you. Choosing to fight and not to run will also
get ; you some extra points. Make sure to stay out of the flesh-eating
flower's area of attack! You will not get ; a second chance!;

The theme changes throughout the game. Some levels are about skeletons
and creepy ossuaries. Those bony, walking turtles ; come back to life s
econds after you hit them, so don't linger on! Other levels are played under
water. Monkeys and ; turtles are replaced by poisonous jellyfishes and
hard-shelled crabs.;
The deeper you go into the game, the more enemies you make! ;
Prove your friendship by Mario's side, and be sure to avoid the rockets. And
spinning jigsaws. And shooting fireballs f and ; the ship will eventual
ly slowly sink into the lava. The very bricks want to hurt you in this game!;
