Make sure your firewall is not blocking

the "TerrariaServer.exe" or the server's port

(especially important if it's not the default "7777"). If you are using a router you have to make sure it opens the server's port for you.

Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (especially important if it's not the default "7777").

If you are using a router you have to make sure it opens the server's port for you.

Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (especially important if it's not the default "7777").

Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (especially important if it's not the default "7777").

Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (especially important if it's not the default "7777").

Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (especially important if it's not the default "7777").

Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (especially important if it's not the default "7777").

Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (especially important if it's not the default "7777").
