Icycle

You have not played any games like Icycle in the Friv 2024 Games category on our website before, which is the primary reason why we wanted to bring you the game today, especially after we played it and had lots and lots of fun with it, so we are sure that the same thing is going to apply to you all as well, or otherwise we would not have brought it over in the first place. This is a bicycle game, taking place in a frozen world, and it is a really unique game. Because of that, let us explain what you do in it and how right now, after which we invite you to let the fun begin immediately! You increase or decrease speed using the left and right arrow keys, jump with the up arrow or the space bar, and use down for air over thermals. You are going to go in each level and ride your BMX bike, with the goal of reaching the end of the track without crashing, and along the way you should give it your best so that you collect as many soap bubbles on the way as possible. Let the fun begin right now, only here, and stay with us, since more amazing games such as this one are going to follow!
