to iOS to be hosted in its App Store. This change was due to the fact that many apps were packaged into containers, as they essentially repackaged their websites into apps, which was easier for developers to maintain. Requirements incompatible. But if you are keen to install APK on iPhone, you can go for either of the options: use jailbreaking

It gets some things right - for example, people DO usually have anuses, and pooping in open wounds is generally viewed as bad for you - but it also makes some critical errors, like performing mouth-to-butt surgery without the use of ventilation or monitoring equipment.
