<p></p><p>Dragon Simulator 3D is a simulation game where you can be a dragon. The goal of the game is to 💶 complete the missions of dragons across the level and to collect stars. Once you have enough stars your dragon will 💶 upgrade to the next level and become stronger and faster. The missions in this game are really fun to play 💶 and they really improve your dragon skills. Fly over the mountains and soar down the peaks to get the feeling 💶 of actually flying.Dragons are not easy to control: Move around - WASD Spit fire - LMB Attack with your tail 💶 - RMB Take-off/Land - Q Fly up - Spacebar Fly down - C Speed up - Shift Lock cursor - 💶 L Hide interface - HDragon Simulator 3D was created by CyberGoldFinch. It is the next game in his animal simulation 💶 series which consists of a lot of games such as Tiger Simulator 3D, Horse Simulator 3D, Dog Simulator 3D and 💶 many more. He also created a nice archery game called Archer Master 3D: Castle Defense.</p>
