Wikipedia: Probability interpretations A probability of an event is a number between 0 and 1, inclusive, that indicates the likelihood of the event occurring. This number is always between 0 and 1, inclusive.

0 indicates impossibility and 1 indicates certainty.

Probability is a number between 0 and 1, inclusive, that indicates the likelihood of an event occurring.

Michael Myers While he seemed like a scary babysitter killer in the first movie, he became a little more supernatural as the series wore on. Michael has been in 12 out of the Halloween movies, including both reboots, and he might be the most unstoppable slasher villain in history.
