2 player games are a popular category of unblocked games at Friv. As compared to single-player games, where you compete against a PC opponent, these games can be played by two or more players and they steal the show. As you can see from the list of games, the selection is diverse and includes titles like 2 Player Chess, 2 Player Soccer, and 2 Player Golf. Other than that, you can also play some logic games and puzzle games, if you like the cooperative mode. Some of the more complex 2 player games can also be played by a higher number of players. Our collection of 2 player games is still growing, as we add some new games every week. If you are a fan of free 2 Player games or 3-4 player franchises or one Live Custom Game, you will find a wide variety of options on our website.
