One for All, One for None is a first-person shooter video game developed by Treyarch and published by Activision. It is the first game in the Call of Duty: Black Ops series.

The game is set in a dystopian future where a global pandemic has led to the creation of a new super-soldier, known as the "Zombie".

The player takes on the role of a member of the Joint Special Operations Command (JSOC) and is tasked with investigating the source of the "Zombie" outbreak.

The game features a variety of weapons, including assault rifles, submachine guns, and shotguns. It also includes a "Zombie" mode, where players fight against waves of undead enemies.

In the mission "Judgement Day", JSOC is able to trace the source of the hacking of drones. Section leads JSOC forces to apprehend or kill Menendez. In order to get the best ending, you just have to capture Menendez, NOT kill him.
